Employer's Feedback for Academic Session 2021-22

1. Principal's perspective about college.

The planning and supervision of the teaching activities by the Principal is satisfactory.

2. View on Teaching/Non-teaching staff

Delivery of the teaching materials and method of the delivery are appreciable. Teachers have taken pain to provide remedial course for slow learners, which is appreciable. Similarly, performance of non-teaching staff is also satisfactory. However, more emphasis be given on research and extension activities including the Millets farming.

3. Grievance Redressal

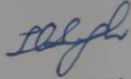

No grievances is reported during the period under report.

4. Institutional Budget and Expenses

The expenses are incurred within the approved budget of the college.

5. General Issues

The efforts should be made that students from other states take admission in the college. In hostel common room facility (LCD television, T.T. table) and the water connectivity to the main tank by the separate line and water cooler has been given. The library facility has been upgraded to digital library.
